Post Graduate Full stack Software development

GPA: 3.52

Mississauga, Ontario

09/2022 - 04/2024

Nagarjuna College Of IT

Bachelors Computer Science And Information Technology

Kathmandu, Nepal

January 2015 - January 2019

EXPERIENCE

Worldview International Services | Full Stack Developer

Mississauga, ON | 05/2024 - Present

- **Full-Stack Development:** Engineered RESTful APIs using PHP, Laravel, PostgreSQL, and MERN Stack (MongoDB, Express.js, React, Node.js) for web/mobile applications, ensuring scalability and security.
- **Front-End Development:** Built responsive UIs with Vue.js, React.js, and MERN Stack, prioritizing cross-device compatibility and accessibility.
- **Performance Optimization:** Enhanced API and internal tool efficiency by 40% through code refactoring, Redis caching, and database tuning in PostgreSQL.
- **Tooling & Analytics:** Designed/administered internal analytics dashboards and operational tools using Vue.js/React.js for data-driven decision-making.
- **Third-Party Integrations:** Integrated payment, authentication, and analytics APIs (e.g., Stripe, OAuth) to expand application functionality and UX.
- **DevOps & Deployment:** Containerized applications with Docker for consistent development/production environments and CI/CD pipelines.
- **Collaboration & Workflow:** Managed version control (Git), task tracking (Jira), and agile workflows across cross-functional teams.

Indesign Media | Full stack developer

Biratnagar, Nepal | 01/2021 - 01/2022

- **Full Lifecycle API Development:** Engineered, maintained, and scaled RESTful APIs using PHP, Laravel, and PostgreSQL to power mobile/web applications, ensuring robustness and security.
- **CRM System Modernization:** Spearheaded redesign and feature upgrades of a Customer Relationship Management (CRM) System, implementing client-driven functionalities to enhance business workflows.
- **Cross-Platform API Solutions:** Developed scalable REST APIs for web/mobile services using Laravel, LAMP (Linux/Apache/MySQL/PHP), and MERN Stack (MongoDB/Express.js/React/Node.js), adopting collaborative development practices.
- **Backend Optimization:** Built high-performance backend services with LAMP stack, focusing on security, speed, and seamless integration with PostgreSQL databases.
- **Agile Collaboration:** Partnered closely with product managers to refine UX and support Agile sprint planning, feature prioritization, and iterative delivery.

IData Solution | Web Application Developer

Lalitpur, Nepal | 02/2019 - 12/2020

- **Full-Stack Application Development:** Engineered end-to-end web applications using PHP, Laravel, Vue.js, and MySQL, delivering responsive interfaces and robust backend systems.
- **Cross-Functional API Collaboration:** Partnered with mobile development teams to architect and implement RESTful APIs, ensuring seamless data integration for cross-platform functionality.
- **E-Commerce System Implementation:** Built a secure, high-performance e-commerce platform with vanilla JavaScript and Core PHP, enhancing security protocols and optimizing user experience.
- **Client-Focused Delivery:** Executed product development aligned with client specifications, consistently meeting high-performance benchmarks and operational requirements.

SKILLS

Programming Languages: PHP, JavaScript, Node.js

Libraries/Frameworks: Laravel, codeigniter, VueJs, React.js

Tools / Platforms: Git, Jira, Docker
Databases: MongoDB, MySQL, Redis

PROJECTS / OPEN-SOURCE

Findadmission.com Simplifying Global Education Access | [Link](#) *NEXT, laravel, Vue, Typescript*

Findadmission.com is an innovative platform under Worldview International Group, designed to streamline the study-abroad journey for students while empowering institutions to recruit internationally. Targeting African students and global education providers, it offers:

- Centralized Application Hub:
 - Submit applications to multiple universities worldwide through a single platform, reducing paperwork and delays.
 - Track progress transparently, from submission to enrollment, with direct communication tools (chat, video calls) for admission officers.
 - Student-Centric Tools:
 - Free mobile app for on-the-go access to applications, scholarships, and visa guidance.
- Curated newsletters with deadline alerts, funding opportunities, and real student stories
